

GEORGETOWN LAUNDRY GUIDELINES

Each load, whether wash or dry, is \$1.00.

Track your loads on the spreadsheet on the dryer.

At the end of each month, add that month's total dollars to your condo fee check, or write a separate check and mail to:

Georgetown Condos
C/O Pointe Association Management
P.O. Box 320214
Franklin, WI 53122

If you add it to the condo fee check, make a note on the bottom of your laundry total.

Help keep our appliances clean and running. Please do not overload them.

Only two washing machines may be run at the same time (otherwise the fuse will blow and that is in the other basement).

When you are doing laundry, don't tie up the machines—remove your items soon after the loads are done so that they are available for other neighbors to use.

If you are using one of the new machines be sure to use high efficiency rated detergent. All high efficiency rated detergents are labeled with a HE logo similar to the one shown below.

Thank you.
